

Transversal Model for Migrants

TRANSVERSAL MODEL FOR MIGRANTS PROJECT FIRST RESULTS

The project “Transversal Model for Migrants” is achieving its first results. With the objective of empowering teachers, trainers and counsellors to facilitate and empower migrants with skills in order to promote higher job position or economic and social integration within Europe, from September 2018 to August 2020 the project partners will develop five innovative products.

The first output, a Desk Report on the topic of the project, is already process and the others are in the process of development. Two transnational meetings have been held, the first in Paris in November 2018 and the second in Madrid in March 2019.

The consortium will meet again in Cyprus, in the framework of a short-term joint staff training event, from July 22nd to July 26th, in order to train and be trained in the products of the project, which will be furtherly tested in the piloting process.
